Guru Hadadi

Senior Software Engineer | React, Next.js, TypeScript, Node.js | Cloud & AI Engineering

Sydney, New South Wales, Australia

Professional Summary

Senior Software Engineer with extensive experience building and modernising enterprise B2C and B2B applications. Specialises in frontend engineering with React, Next.js and TypeScript, alongside backend development, cloud deployment, automated testing and application observability. Currently developing hands-on Generative AI capabilities, including conversational AI, RAG and AWS serverless application patterns.

Experience Highlights

- **Cover Genius** - Senior Frontend Engineer: Worked on RentalCover and XCover, including frontend modernisation, user experience, accessibility, internationalisation, performance, and payment-related workflows.
- **Toyota Australia** - Software engineering experience supporting enterprise application delivery.
- **Other organisations** - Experience spanning Ampol, ANZ, First Advantage, JP Morgan Chase and TCS.

Technical Skills

- **Frontend:** React, Next.js, TypeScript, JavaScript, Tailwind CSS, Redux Toolkit, Storybook
- **Backend:** Node.js, Express, REST APIs, GraphQL, Python, FastAPI
- **Cloud & delivery:** AWS Lambda, API Gateway, S3, CloudFront, Docker, CI/CD
- **Testing & observability:** Playwright, Cypress, Jest, Datadog, Sentry, ELK
- **AI projects and learning:** LLM integration, Retrieval-Augmented Generation (RAG), vector search, agentic workflows

Selected Project Work

RentalCover: Contributed to modernisation of a legacy rental insurance web experience with React/Next.js and TypeScript, including performance, accessibility and localisation improvements.

XCover: Enhanced enterprise insurance web application features for customers and partners.

ContextIQ (in development): Personal AI assistant using Next.js, FastAPI, contextual memory and an LLM API, with planned document question-answering support.

Document note

This is a self-prepared professional profile for testing ContextIQ document ingestion. It is not an official LinkedIn export. Contact details, education and exact employment dates have been omitted because they were not verified.
